The Last Kids on Earth (Last Kids on Earth Series #1)

Current Texas Bluebonnet Nominee!

Meet Jack Sullivan, self-described as a late-blooming, slow-developing 13-year-old who has so far survived the Zombie apocalypse by hiding out in his treehouse. Overnight Jack's life has become like the plot of a video game and he has come up with his own ULTIMATE FEATS OF APOCALYPTIC SUCCESS: Locate Quint Baker, best friend and inventor; Find and rescue June Del Toro, his secret love interest; Defeat Blarg, the biggest, baddest monster in town; and, Become a zombie-fighting, monster-bashing tornado of cool! With hilarious, action-filled illustrations from Douglas Holgate bringing the story to life on every page, The Last Kids on Earth will captivate even the most reluctant readers. Perfect for zombie-hunters of 8 years and upwards.

The Last Kids on Earth and the Zombie Parade (Last Kids on Earth Series #2)

The zombies are disappearing. This might seem like a good thing, since zombies eat your brains, but normal human kid Jack Sullivan is suspicious. He keeps hearing an eerie shrieking noise that seems to be almost summoning the zombies—but to where, and for what (probably) foul purpose? Jack, his three best friends (maybe the only people left on Earth), and their pet monster Rover need to get to the bottom of this. Along the way they encounter a lot more than they bargained for, including a giant Wormungulous, a pizza parlor monster hangout, an ancient evil who destroys worlds, and a stereo system that is totally the bomb. Can Jack figure out why the zombies are vanishing . . . before he and his friends are next?

The Last Kids on Earth and the Nightmare King (Last Kids on Earth Series #3)

PREORDER – Book will not be released until September 26

Life after the zombie apocalypse is pretty good for 13-year-old Jack Sullivan: he lives in a mind-clobberingly cool tree fort with his best friends, speeds through town playing Real-Life *Mario Kart*, has a crew of monster buddies, battles zombies on the regular, and generally treats life like it's a videogame! But then Jack's friends make a startling discovery: they may *not* be the last kids on earth, after all. This is great news for everyone... except Jack. Once they've found other humans, his friends won't stick around for long! Jack's only hope for keeping things the way they are is to prove that everything here is *perfect*, life is *crazy fun*, and nothing else could be *any* better. One problem: it's hard convincing his friends that everything is great when they're being hunted by a monstrous Nightmare King *and* an ancient evil who won't rest until Earth has been devoured. Crud! Maybe life after the monster apocalypse is more complicated than Jack thought...
